### Claim Amendments

The following replaces all prior versions and listings of claims in the Application:

1-19 (cancelled).

- 1 20. (Currently amended) Vent for a septic system, including a conduit extending and configured to convey gas therefrom, comprising a leg configured to mount on, conceal a portion of and convey gas from the conduit;  
2       wherein said leg is configured for mounting ~~a fixture~~ one of a plurality of fixtures thereon.
- 1 21. (Previously presented) Vent of claim 20, wherein said leg closely or sealingly receives the conduit.
- 1 22. (Previously presented) Vent of claim 20, wherein said leg defines a passage configured to receive the conduit.
- 1 23. (Previously presented) Vent of claim 22, further comprising a coupling for conveying gas from the conduit to said passage.
- 1 24. (Previously presented) Vent of claim 23, wherein the conduit has an outlet that defines a first size and said passage has an inlet that defines a second size that is different from the first size.
- 1 25. (Previously presented) Vent of claim 23, wherein the conduit is misaligned relative to said passage.

---

- 1 28. (Previously presented) Vent of claim 20, further comprising a filter for filtering
- 2 gas conveyed through said passage.
  
- 1 27. (Previously presented) Vent of claim 20, further comprising a fixture mounted on
- 2 the leg.
  
- 1 28. (Previously presented) Vent of claim 27, wherein said fixture is selected from a
- 2 bird bath basin, a gazing ball, a statue, a sun dial, a garden ornament and
- 3 combinations thereof.
  
- 1 29. (Previously presented) Vent of claim 27, further comprising a fixture mount
- 2 interposed between said leg and said fixture.
  
- 1 30. (Previously presented) Vent of claim 29, wherein said fixture mount defines a
- 2 passage for conveying gas from said leg to the atmosphere.
  
- 1 31. (Previously presented) Vent of claim 30, further comprising a filter for filtering
- 2 gas conveyed through said passage.
  
- 1 32. (Currently amended) Method of concealing a conduit extending and configured
- 2 to convey gas from a septic system comprising:
  - 3 sizing the conduit; then
  - 4 mounting on the conduit a leg configured to convey gas from the conduit;
  - 5 wherein the leg is configured for mounting ~~a fixture~~ one of a plurality of
  - 6 fixtures thereon.

- 1 33. (Previously presented) Method of claim 32, wherein the leg defines a passage  
2 for conveying gas from the conduit, said method further comprising, between said  
3 sizing and said mounting, interposing a coupling between the conduit and the  
4 passage.
  
- 1 34. (Previously presented) Method of claim 32, wherein the leg defines a passage  
2 for conveying gas from the conduit, said method further comprising disposing a filter  
3 in the passage.
  
- 1 35. (Previously presented) Method of claim 32, further comprising mounting a fixture  
2 on the leg.
  
- 1 36. (Previously presented) Method of claim 35, wherein the fixture is selected from a  
2 bird bath basin, a gazing ball, a statue, a sun dial, a garden ornament and  
3 combinations thereof.
  
- 1 37. (Previously presented) Method of claim 36, further comprising interposing a  
2 fixture mount between the leg and the fixture.
  
- 1 38. (Previously presented) Method of claim 37, wherein the fixture mount defines a  
2 passage for conveying gas from the leg to the atmosphere, said method further  
3 comprising disposing a filter in the passage.
